WHETHER YOUR CHILD IS A TODDLER — A LIVELY 10 YEAR OLD OR A KEEN TEEN, YOU’LL BE SURE TO FIND A BICYCLE THAT IS JUST RIGHT IN THIS BROCHURE

SAFETY
It is reassuring to know that all models within the vast Raleigh range conform to the current British Safety Standards.

GROWTH
All of Raleigh’s two-wheeler models have sufficient saddle and handlebar adjustment to allow for 4" of growth and are built to last. Passing the bicycle on to the next child makes for economies that often are ignored at first sight.

The Raleigh Safety Code
Why you should always buy a Raleigh.
A bike and especially a robust and safe Raleigh – offers more play value for money than almost anything else you can buy. Its attraction will never wear out — and it will take all that toddlers can dish out.

No sharp edges
Sharp edges are eliminated from all of our fun bikes. There’s nothing to cut or scratch young skin. They’re kind to furniture too!

No parts to catch fingers
Fitted with wheels and plenty of clearance eliminates the places where little fingers or feet could be jammed.

Lead free paint
You can be sure that all paint and other finishes are non-toxic and rigorously conform to all sections of the British Standard 5665.

Safe mouldings
All polymers used are inert polypropylene or polyethylene – because its tough, resilient and non-toxic.

Which Raleigh to choose?
Alongside each Model in this catalogue are rough age groupings so that you can see just which cycle is right for your child — but to make sure the cycle size is correct, use the inside leg measurement as a double check.
TUFF TRIKE
3-4 years. 14"-16" Inside Leg
This rugged little trike sports a sturdy foot plate over the rear axle and a wide front mudguard to protect from muddy splashes outdoors. The whole design is safe, stable. The finish is a Bright Red, Blue and Yellow.

DAISY TRIKE
3-5 years. 15"-18" Inside Leg
Junior Misses will love the delicate Pink and White finish with its Daisy decals and the pretty white basket will be so useful. The adjustable saddle lets this model grow as the little girl grows and the Raleigh safety-first design means she'll always feel at home riding on Daisy.

TIPPER TRIKE
2-3 years. 12"-14" Inside Leg
Little ones will love that useful bucket tipper to carry anything from wooden bricks to colouring books — just what every playroom needs for really constructive fun! Finished in Bright Red, Yellow and Blue, it's the best looking tipper you ever did see...

BUNNY TRIKE
2-3 years. 12"-14" Inside Leg
The tough little trike that's as stable as it looks. Packed with reassuring safety features like wide, wide wheels. And big flat pedals. The broad moulded seat is tops for safety and allows for 2" growth potential. The finish: Bright Blue with eye-catching Bunny decals.
RAINBOW

3-5 years. 14”-18” Inside Leg
When boys and girls go out to play, they’ll be in their element with this ‘first bike’! It’s got everything to make riding a two-wheeler as easy as pie. There’s a low step-over frame, rigid stabilisers, balloon tyres, and Raleigh safety features aplenty. Everything in fact to give beginners a most reassuring start. To add to the fun, we’ve finished this model in Kingfisher Blue with eye-catching Rainbow graphics.

POPPET

3-5 years. 14”-18” Inside Leg
The pretty Shell Pink with Butterfly and Flower graphics will capture every young heart. There are strong stabilisers, chunky balloon tyres, fully enclosed chainguard and chunky non-slip rubber pedals. There’s also a short pull brake lever for the utmost safety. Note the handy basket too just right for dolly’s shopping and the colour matched pink and white hooter to surprise mum and dad.

ROBIN

2-4 years. 14”-16” Inside Leg
Their first play cycle, at a price you can afford! Robin is a real confidence builder with its low step-over frame, rigid stabilisers and fixed wheel drive. Even the 10” tyres are puncture-free, and the chainguard protects the entire chain assembly. To heighten its kiddicappeal there’s a Bright Red finish with Robin Redbreast graphics.

MAG BUMPER

3-5 years. 15”-19” Inside Leg
Mag Bumper has a Brilliant White BMX frame and Yellow Mag wheels just what real BMXer’s want. Check out the Bumper for real style: lightweight BMX pads, racey hi-rise handlebars with cross-brace, ground hugging chunky tyres and deep foam saddle. All in all a bike to give hours of tearaway fun.
**BLUEBIRD**

4-7 years. 17"-21" Inside Leg

No matter how small the bike, it has a lot of work to do. Hence the large capacity rear carry bin. She'll fill this up with her favourite toys - or a "let's pretend" load of shopping. With its beautiful frosted Mauve finish, Bluebird appeals to any little girl. And that finish is tough - able to survive even the roughest games. Safety too is built into the design, particularly evident in the rounded nuts on the seats and handlebars, a feature common to all Raleigh Fun Bikes.

---

**ROLLER**

4-7 years. 17"-21" Inside Leg

A bike designed for when they're growing up in the world and we built it to last. Young riders will find it a joy to handle, with its super-comfy saddle and reassuring front and rear brakes. Fitted with short levers - specially designed for little hands. Roller is a run-about that's going to see endless use - not least because that big rear bin can take almost anything. In Flame Red.

---

**MAG BUSTER**

4-7 years. 17"-21" Inside Leg

The BMX age starts young - and is getting younger. Which is why Raleigh has designed an eye-catching bike with smart mag wheels for the younger BMX fan. The finish: a glaring, gorgeous Yellow.
APPLE
5-8 years, 18"-22" Inside Leg
This charming little Raleigh is designed to grow as its user grows. Saddle and handlebars are adjustable to cope with three years of getting bigger. Features that go down a treat with today's demanding Miss include a large capacity rear rack for holding all the luggage she never travels without. All complemented with a Bright Red Finish and animated graphics.

BLUEBELL
7-10 years, 21½"-25½" Inside Leg
The Raleigh for when they're that little bit older. Bluebell is a true street runabout - with bags of eye-catching style. The finish is a Warm White, highlighted with unique Bluebell graphics. The simple, straightforward design of this model will have special appeal to trend setting youngsters. Single speed version only.
FLEUR
5-8 years. 18"-22" Inside Leg
The finish is Shell Pink — but it's not just a pretty Raleigh: it's a highly resilient, utterly safe, superbly styled machine. The specially designed, robustly constructed wheels are great for road-holding. And the frame is complete with all the special Raleigh fun bike safety features.

CRYSTAL
5-8 years. 18"-22" Inside Leg
When appearance is important Crystal shows its class. The Metallic Orchid finish with sparkling prismatic graphics simply glitters with style. Yet Crystal is practical as well as pretty with a handy front basket and large rear bin to carry any young girl's favourite play things. Raleigh's careful attention to design and safety will ensure the bicycle rides as well as it looks.

HEATHER
7-10 years. 21½"-25½" Inside Leg
As pretty as a picture. The latest colour style, finished in Frosted Mauve and Pink Heather Graphics for the modern Miss. As always, complete with those safety first pluses for which Raleigh are famous. A large and useful wicker style front basket and alloy propstand — just right for busy girls.

BIANCA
7-10 years. 21½"-25½" Inside Leg
Bianca is a real good-looker, finished in gorgeous Orchid Metallic. We've provided a host of top class features — many with safety in mind. Note the co-ordinating fashion bag — stylish and practical, comfortable padded saddle, the wrap-around chainguard, the rounded brake levers and the steering stop. There's also a choice of single or 3-speed Sturmey Archer gear.
STREET WOLF

4-7 years, 18"-22" Inside Leg
Street Wolf is the envy of every young street kid. Street Wolf is the new action bike that will inspire any young fertile imagination.

Street Wolf is BMX at its toughest, with its modern design extras it's the best looking bike on the street. The polypropylene frame fairings and splash guards keep street mud or water off the rider. The sound generator console with moving wolf's head graphics and three different sounds is operated by a simple thumb button— it's a warning signal, a fanfare or just to help any child imagine their part in any Sci-Fi adventure.
and Rugged!

WILDCAT
For Cool Cats Age 6—9 years.
20¼"-26" Inside Leg.
It's here at last - computer technology wired to big bike looks and performance on a model styled for six to nine years. A wild 3 sound generator triggered by remote control. When linked to a bike this 'cool it' means you will get noticed. Black mag wheels, a sleek black frame and startling green cap-eye graphics combine to produce the ultimate small street machine. Toughness is guaranteed through the Wildcats BMX pedigree enabling you to take the rough with the smooth and still stay cool.

WOLF CUB
3—5 years. 15"-19" Inside Leg
SOUNDS FUN
• 3 sound, push button sound generator and moving lights.
LOOKS FUN
• Exciting Wolf Cub graphics with speedy stripe.
TOUGH WITH IT
• BMX style mag wheels with chunky tyres.
• Hard wearing hi-tech polypropylene top tube fairing and front mudguards.
• Black Foam Saddle.
**STYLER 16 MAG**

4-7 years. 17½"-20½" Inside Leg

Everything that the Styler 16 is but with one important addition — the latest white mag wheels. Just what all kids want for the street, great fashion appeal and the practicality of modern styling plus the strength needed for tough street use. One of the best looking 16" BMX bikes around. Finished in Blaze Blue.

**STYLER 16**

4-7 years. 17½"-20½" Inside Leg

Here it comes: the rakish, rip-roaring BMX image! Superbly captured in this rugged, reliable model with its frame and forks based on the BMX design. The engineering, Raleigh through and through — sturdy steel brakes with junior brake levers; and construction that never loses sight of safety. Styler 16 comes with a set of three lightweight pads. Finished in lively White and dazzling Red.

**MUSTANG**

24"-29" Inside Leg

5 gears and mega strength means this bike can go anywhere. Oversize ATB tubing and welded construction create a frame as tough as you. For this thirsty rider a black bottle held in a sturdy red cage. Powerful cantilever brakes can stop you on the steepest hills and the wide tyers give comfort and grip. A thumb shifter enables you to select any gear whilst keeping a firm grip on the bars. Finished in White and Charcoal.

**MARAUDER**

24"-29" Inside Leg

A tough ATB frame finished in dashing Light Metallic Blue with White Flashing. With 5-sturdy gears to select from, a sleek thumb shifter and powerful cantilever brakes — a fast ride with super stopping power is guaranteed.
RALEIGH BMX 22"-30" Inside Leg
As its name implies this strong bike is built around a great value Aero BMX Frame. The sporty white colour co-ordination – tyres, grips and pedals with a touch of Fiery Red - all set off by 3-super lightweight pads.

RALEIGH BMX MAG 22"-30" Inside Leg
Check it out...a mean street machine, Radical Blue frame with bold and racy graphics...but just look at those whitewall tyres and white mags.
MEGA VALUE – FOR MEGA DUDES.

STYLER MAG 22"-30" Inside Leg
The Styler Mag just oozes class. For the more adventurous there's the white wheels, alloy brake levers, alloy brakes with Nitrile blocks, pedals and cool matching white aeroyal saddle. Combine this with the usual Raleigh reliability – and you are ready to ride – Go For it!
Colour: Solar Yellow.

STYLER RED 22"-30" Inside Leg
For Racer or Streetcruiser the Styler really looks the business, its bright Laser Red paintwork and White Graphics, Hi-control double-brace handlebar, lightweight pads, plus a total complement of white components, grips, pedals, brake-set, seat clamp and whitewall tyres. All make Styler just right for the street or the track.
RACER 16
7-9 years. 23”-26” Inside Leg
Every boy wants a racing bike – even the very young. Raleigh build racing bikes from 16” size upwards. The average 7 year old will love the Racer 16 – it’s just like Dad’s racer. Racing bars, 5 speed derailleur gear, padded racing saddle, brake lever extensions – it’s a real racing bike but with smaller 20” wheels. Warm White or Sporty Flame Red finish.

RACER 18
9+ years. 26”-30” Inside Leg
All the racing features of the Racer 16 but with an 18” frame size and 600 x 28A wheels. Flame Red or Warm White finish.

This catalogue is one of a set of 5 available free from your Raleigh dealer.
